

Welcome Back!

Tiggywinkles

This week, in Tiggywinkles the children have discussed Earth Day and turned it into a whole week celebration. They have focused on how we look after our planet by recycling and why it is so important. They have learnt about the three Rs (Reduce, Reuse, Recycle), sorted a variety of materials into the correct recycling bins, thought about different animals in our environment and how rubbish being left on the ground may affect them and then they rounded off the week with a trip to the park to tidy up any rubbish they could find!

Nutkins

This week, in Nutkins the children have also been thinking about Earth Day with a range of creative activities! They have used blue and green playdough to make mini earth models, become scientists by completing a fun, colourful experiment with milk, paint and washing up liquid, and they even cut up apples and watched as they began to decay. Nutkins have also enjoyed exploring numbers in the environment and matching amounts to their numerals. It has been lovely to see the new children who have moved up from Puddleducks settle in and become more confident in their new journey!

Puddleducks

This week, in Puddleducks the children have started their seasons theme! They have been exploring all things cold and winter. They have explored winter themed stories, discussed what we wear when it is cold, what kind of animals enjoy the cold and even explored ice! They worked together to melt some ice cubes that were stuck in a tray and then used paint and brushes to make the ice cubes bright and colourful. They also enjoyed independently sticking shapes onto paper to make their own snowmen, good job Puddleducks!

Toys at Pre-School

To help prepare the children for their transition to school, we kindly ask that toys are not brought into preschool from home. This helps the children focus on the activities and resources available in the setting and supports them in developing independence and responsibility, similar to expectations in school.

Sunny Weather

Now the weather is getting warmer, please ensure your child is sent into Pre-School with both a sun hat and sun-cream, labelled with their name. Any child without sun-cream will have to stay inside during afternoon play due to heat.
