Dear Parents and Family Members

EYLog Observation Tracker and Communication App.

We are excited to introduce EYLog, a new online platform that will be used to track and share your child's development in the Early Years Department at Ilchester Community Primary School. EYLog is being implemented from intake to pre-school, all the way through until the end of your child's Reception year. This replaces paper learning journals; however, you will still receive a pack of your child's physical work and books at the end of the academic year. EYLog will create a PDF downloadable learning journey containing yours and our observations of their progress and achievements.

EYLog will allow us to:

Observe and record: We will use the platform to carefully observe your child's progress across all areas of learning, including communication and language, physical development, personal, social and emotional development, and literacy and mathematics.

Share observations with you: Updated observations and photos will be shared directly with you through the platform, providing valuable insights into your child's learning journey. Please note this will not be daily, or even weekly, but whenever staff notice something extraordinary they wish you share with you.

Personalise learning: By analysing your child's individual progress, we can tailor our teaching and learning experiences to meet their unique needs and interests.

Improve communication: EYLog will facilitate easier communication between home and school. You can share observations and updates about your child's development at home, and we can respond directly through the platform at appropriate times. We will be sharing newsletters, class updates and reminders through the platform.

We believe that EYLog will be a valuable tool for both parents and staff to support your child's early years education.

In September, you will receive a PDF booklet which contains everything you need to know about using EYLog. You will also receive an email from EYLog with login information.

If you have any questions, please do not hesitate to contact me.

Yours faithfully

Mrs Katie Boon
Early Years Foundation Stage Lead
