Ilchester schools out is a privately owned childcare club that has been running for over 20 years based at Ilchester infant's school. We offer before and after school care and dependant on demand a holiday club.

All our staff are DBS checked, 1st aid trained and attend regular training. Bringing many differing skills to the setting. We have over 100 years childcare experience between all of us plus lots of fun and energy.

Before school club 7.45 -9 am where the children can chill and relax before school, playing with their friends. The staff then escort them to their classes ready for the day ahead.

After school club 3.00 -5.15pm The infants are collected from their classes by a staff member while the juniors are collected from the main hall of the junior department. Safely walked down to the club. More time to play inside the club room with lots of crafts, cooking, sticking/ gluing as well as outside with lots of our playground toys.

Holiday club This is very much dependant on demand. Run from 8 -3pm allowing us to do the more complicated crafts/cooking as well as things like den building with the children.

Pop in and see us.
